## Filoli Gardens: A Series of 16 Short Photographic Classes

2010 marks the third year of short photography workshop classes at Filoli Gardens in Woodside, CA. All classes are announced and scheduled on the Filoli website at [www.filoli.org](http://www.filoli.org). The first series of classes for 2010 goes on sale November 2, 2009!

Our formula is unique: we teach technique for beginning and intermediate digital SLR photographers and photograph the changing bloom in the gardens by season.
