Photographing Wild Animals in the Winter Landscape at the Triple D Game Farm, Kalispell, Montana

The Triple D Game Farm manages professionally designed natural settings to photograph animals with the help of trainers experienced in the requirements of photographers and cinematographers.

You will get practical instruction on how to set up, handle your camera and photo equipment to make exciting images of eight animals in a natural, winter setting.

At the end of each day, short review sessions will help you polish your technique so you can take steps to improve the quality of your results.

Animals portrait subjects include Grizzly Bear, Snow Leopards, Siberian Tiger, Wolves, Siberian Lynx, Coyotes, Bobcat, Mountain Lion, Red, Fox, Arctic Fox, and Canadian Lynx among others. Animal babies vary but may include bobcat, Canadian lynx, porcupine, and silver fox among others. Our final shooting schedule will be formalized a week before our scheduled workshop date.

5 PM, March 18 – Noon, March 21

Fee \$1495, instruction &

8 animal shoots

Lodging \$75 / night on site at a cozy guest cabin or Holiday Inn Express
